LEATHERIQUE LEATHER REJUVENATOR

PRODUCT NAME:

Leatherique Leather Rejuvenator
MSDS# 0061

1. Basic Information

Manufacturer: Leatherique Leather Restoration Products, LTD
Address: 106 Englewood Rd
Aiken, SC 29803

Chemical State: Liquid Mixture

2. Ingredients:

Trade Secret – Non Hazardous Ingredients – Inedible Animal Fat

3. Hazardous Identification

There are no known hazards associated with this product.

4. First Aid Measures

Routes of entry: Inhalation, Ingestion, Skin contact
Health Hazards (Acute and chronic): None
Signs and Symptoms: None Reported
Medical Conditions Generally Aggravated by Exposure: None Known
Emergency and First Aid Procedures:
Eyes – Irrigate with water
Skin – Flush with water
Inhalation – Remove to Fresh Air
Other Health Warnings: None

5. Fire Fighting Measures:

Flash Point: >200F
Upper Explosive Limit: N/E
Fire Extinguishing Media: Use plenty of water, Carbon Dioxide or foam.
Special Fire Fighting Procedures: None
Unusual Fire and Explosion: None
Lower Explosive Limit: N/E
F.P. Method: COC

LEATHERIQUE LEATHER REJUVENATOR

MSDS #: 0061

6. Accidental Release Measures:

Steps to be taken in Case Material is Released or Spilled:

Confine the spill by absorbing with a drying material (sand, sawdust, kitty litter), and place residue in drum for disposal. Rinse residue with hot soapy water.

7. Handling and Storage:

Precautions to be taken:

Follow the standard procedures for the handling of fats, oils, and soaps.

Other precautions: None

8. Exposure Controls/Personal Protection:

Local exhaust ventilation should be provided.

Personal Protective Equipment:

Protective gloves and eye protection are recommended

9. Physical and Chemical Properties:

Boiling Point: >212F

Melting Point: N/A

Evaporation Rate (butyl acetate=1: N/D Vapor Pressure (mm Hg): N/D

Specific Gravity (h20=1): 0.99000

Vapor Density (Air=1) N/D

Solubility in Water: Soluble

Appearance and Odor: Amber liquid, slight

Other Information: The color of this product may vary depending on the source of the natural raw materials. The clarity may also be affected. This material may exhibit some separation over time. This is normal and will not have a detrimental effect on the product. Mix well before using as some molecules are heavier and may settle. The emulsion will remain and the performance will be normal.

Product undergoes QC with each batch and each batch meets manufacturers parameters for quality.

10. Stability and Reactivity:

Stability:

Stable

Incompatibility (Materials to avoid)

None

Decomposition/By Products:

None hazardous – treat as inedible animal fat

Hazardous Polymerization:

Will not occur

LEATHERIQUE LEATHER REJUVENATOR

11. Toxicological Information:

This material is a mixture and no toxicological information is available

12. Ecological Information:

This material is not intended for any use other than that for which it is manufactured. There is no effect on the ecology because the material is water soluble and non-hazardous, non-toxic, non-flammable.

MSDS #: 0061

13. Disposal Considerations:

Contact the appropriate State, Local, or Federal Agency for the list of proper disposal sites. Empty containers may rinse and recycled.

14. Transport Information:

DOT Class 55

15. Regulatory Information:

Not regulated by SARA

All components of this mixture are listed in the TSCA inventory, EINECS (European Union), DSL (Canada), ENCS (Japan), ECL (Korea), and AICS (Australia)

16. Other Information:

Do not store for prolonged periods at extremely hot or cold conditions as product may separate, or become cloudy.
